Instructions:

1. Glue the Basic Strip to the left side of the card front.
2. Ink up the Word stamp from the Quiet Meadow Stamp Set and stamp just off the bottom of the card mat. Ink again and stamp just above it but almost hovering over the words below it. You'll actually stamp with your stamp about halfway into the first line of words below it. Continue on till the whole side is complete
3. Attach mat to the card front using Stampin' Dimensionals.
4. Color your flowers with Blends and attach to card using Multipurpose Liquid Glue
5. Color the edges of Butterfly using the Black Stampin' Write Marker and the center using Daffodil Delight Blends. I added the dots with my Stampin' Write Marker.
